BACKGROUND

EXPERIENCE

JULY 2016 - PRESENT

[Altra Industrial Motion - South Beloit, IL](#)

WEB DEVELOPER

- Responsible for the maintenance, design and development of Altra Motion's corporate, brand and regional websites.
- Use HTML, CSS, JavaScript, Flexbox and Bootstrap to create user interfaces for client-facing websites, as well as in-house projects.
- Work daily in Sitecore, a web content and experience management software, to create and collect content for company sites.
- Use C# and MVC to create components for our Sitecore websites.
- Became a Sitecore certified developer by successfully completing Sitecore XP 8 Website Development for .NET Developers Certification.

SEPTEMBER 2008 - JULY 2016

[Insperity - Fitchburg, WI](#)

User Interface Designer

- Member of a team of developers that design and maintain Insperity's time and attendance software, known as TimeStar.
- Responsible for designing the user interface of this product using technologies such as JavaScript / jQuery, SASS, Zurb Foundation grid framework, HTML, CSS, XSLT and XML.
- Work on in-house projects such as intranet software and training programs, where I use technologies mentioned above, along with Adobe Captivate, Illustrator, Photoshop and Fireworks.

MARCH 2004 - AUGUST 2008

[Performance Courseware - Janesville, WI](#)

Senior Product Manager

- Programmed interactive technical training DVDs, using Apple DVD Studio Pro software.
- Developed interactive online training programs for our clients, using Adobe Flash, ActionScript, HTML, JavaScript, CSS, Dreamweaver, Fireworks, Illustrator and Photoshop.
- Created static and motion graphics for custom DVD and web training programs, using Apple Motion, Final Cut Pro, Photoshop and Illustrator.
- Developed marketing websites, using Adobe Flash, JavaScript, HTML and CSS.
- Designed DVD packaging / inserts and training books for our clients, using Adobe InDesign, Photoshop and Illustrator.

OCTOBER 2002 - MARCH 2004

[Powercom - Beaver Dam, WI](#)

Web and Graphic Designer

- Used HTML, JavaScript, CSS, Dreamweaver, Fireworks and Flash to develop websites for clients.
- Worked closely with clients on a regular basis to ensure quality of work and customer satisfaction.
- Used Photoshop, Illustrator and QuarkXPress to create print and web marketing graphics.

MARCH 2001 - OCTOBER 2002

[IQTech - Waupun, WI](#)

Web Designer

- Used HTML, JavaScript, CSS, Dreamweaver, Fireworks and Flash to develop websites for clients.
- Worked closely with our clients on a regular basis to ensure quality of work and customer satisfaction.
- Used Photoshop, Illustrator and QuarkXPress to create print and web marketing graphics.

JANUARY 2000 - MARCH 2001

[Prent - Janesville, WI](#)

Graphic Designer

- Used HTML, CSS and Photoshop to develop Prent's website.
- Used Photoshop, Illustrator and QuarkXPress to develop customized sales department brochures and company marketing pieces.
- Worked closely with service bureaus and suppliers.

EDUCATION

1995 - 1999

[University of Wisconsin at Eau Claire](#)

Bachelor of Fine Arts in Graphic Design
